

A BETTER LIFE.
The best in medicine.

The county seat of historic Wilson County, Lebanon is a beautiful town affectionately known as “Cedar City” by its approximately 40,000 residents. This peaceful, pastoral hideaway is an outdoor enthusiast’s dream that is only minutes away from one of the country’s most popular entertainment destinations: Nashville, Tennessee.

Supporting this classic American town and the surrounding region is an outstanding hospital with a name instantly associated with medical excellence: Vanderbilt Wilson County Hospital. Accredited by The Joint Commission, Vanderbilt Wilson County Hospital provides a wide range of inpatient and outpatient medical services. With more than 800 employees—including more than 400 members of the medical staff—the hospital is one of the community’s largest employers, and is an accredited chest pain center, primary stroke center, and comprehensive weight loss center.

Our physicians, nurses, technicians and staff embrace the many benefits of living and working in a tight-knit community blessed with abundant natural beauty, a strong and diverse economy, beautiful and affordable homes, arts and entertainment, countless sports and recreational opportunities, and a comfortable, small-town culture.

It is a rare combination: a place to enjoy the good life, the simpler life, while benefiting from the world-class resources of Vanderbilt Health.

Residents of Lebanon enjoy:

- **Local and nearby attractions**

Lebanon is part of the Nashville Metropolitan Statistical Area, so virtually everything Nashville has to offer—museums, world-class entertainment, professional and collegiate sports—is only a short car ride away. Closer in, residents of Wilson County enjoy a wide variety of unique shopping and dining experiences, old-fashioned family movie nights at the classic Roxy Theater, one-of-a-kind getaways at nearby Cellar 53 Winery, and trips back in time to historical sites such as Andrew Jackson’s Hermitage.

- **Outdoor recreation**

Cedars of Lebanon State Park and State Forest, 10 miles south of Lebanon, is just one of many local recreational hotspots. Also nearby is family-friendly Nashville Shores Lakeside Resort, situated on 385 wooded acres beside beautiful Percy Priest Lake. And you’ll find some of the best kayaking, canoeing and views in Tennessee when you “Canoe the Caney,” just 30 minutes east of Lebanon.

- **Great schools**

The Lebanon area is served by excellent public schools in two school districts—a total of 16 elementary schools, four middle schools and four high schools. There are also private school options in both Lebanon and in nearby Mt. Juliet. Lebanon’s historic Cumberland University is one of the oldest private universities in the South. More than 2,700 students from 32 states and 42 countries pursue their degrees at CU.

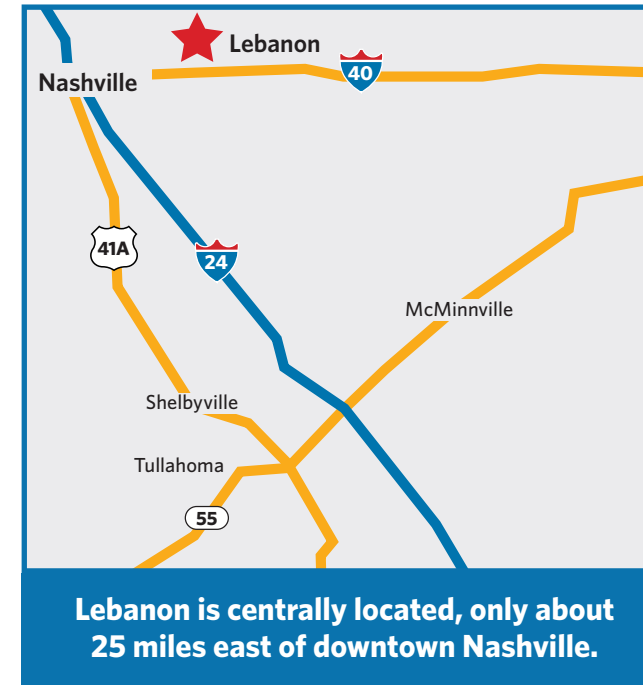

Join us in making health care personal for the people of Lebanon.
