

Help us learn  
how children  
who are deaf  
and hard of  
hearing best  
learn new words

## Increasing Word Learning Efficiency for Children who are Deaf and Hard of Hearing

**Who:** 5- to 8-year-old children who are deaf and hard of hearing and use spoken English (may also use sign language)

**What children will do:**

- Complete speech and language assessments at the start of the study
- Attend approximately 30- to 45-minute word learning sessions 3 times per week for approximately 2-3 months

**Where:** Your child's school or our lab

Participants will receive up to \$200 for compensation for their time
