Continuing Education Credit:
This activity is eligible for Nursing Continuing Professional Development contact hours; however, the number of hours is yet to be determined.
Vanderbilt University Medical Center, Nursing Education and Professional Development, is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.
HIT Professionals:
This program is approved for up to 14.5 continuing education (CE) hours for use in fulfilling the continuing education requirements of the Certified Professional in Healthcare Information & Management Systems (CPHIMS) and the Certified Associate in Healthcare Information & Management Systems (CAHIMS).

Course Description:
This intensive two-day course focuses on current informatics trends and issues in health care. It includes content for nurses who are interested in becoming ANCC board certified Informatics Nurses. Other clinical professionals working in informatics may wish to take the course to become exposed to the course topics.

Course Objectives:

1. Discuss the scope and standards of nursing informatics practice
2. Describe professional practice, trends and issues within the informatics nurse role
3. Explore management and leadership issues affecting informatics in healthcare settings
4. Identify key concepts in informatics, information technology, information management, knowledge generation and data security
5. Consider human factors in relation to information technology systems
6. Describe models and theories associated with informatics
7. Delineate steps of the system life cycle as it applies to information technology in the health setting

Nursing Informatics Boot Camp

Thursday, Sept. 12th &
Friday, Sept. 13th, 2024

Sponsored By Vanderbilt Department of Nursing and Nursing Informatics Services

VANDERBILT UNIVERSITY
MEDICAL CENTER

Nursing Informatics

Instructors:

Susan K. Newbold, PhD, RN-BC, FAAN, FHIMSS, FAMIA, is a Healthcare Informatics Consultant, Franklin, TN. She is uniquely qualified to teach this course as she has experience in the vendor, consulting, academic and hospital world. Dr. Newbold is Board Certified in Nursing Informatics and initiated the first review course in nursing informatics in 1995. Susan has written numerous publications in Nursing Informatics. She is the HIMSS 2015 Chapter Leader of the Year awarded in 2016. Dr. Newbold is the Recipient of the Sigma Theta Tau International Honor Society of Nursing 2019 Virginia K. Saba Nursing Informatics Leadership Award.

Gwen Holder, MSN, RN, NI-BC, is Director Nursing Informatics Services at Vanderbilt University Medical Center, Nashville, TN. Gwen served in various clinical leadership roles (assistant manager, manager, and director of nursing) before making the move to informatics over 25 years ago. She has presented at the local, regional, and national level on informatics related topics and has several informatics and leadership related publications. Gwen has co-led a course on system life cycle design in the Nursing Informatics MSN Program at Vanderbilt School of Nursing and serves as a preceptor for various Nursing Informatics Practicum experiences. Gwen is board certified in Nursing Informatics by the ANCC. She is former president of the Tennessee Chapter of ANIA and the 2018 recipient of the Adrienne Ames Transformational Nursing Leader Award.
