NEPD CERTIFICATION PROGRAM

MAY
13-14

Progressive Care Nursing **(PCCN®)**

This two-day course is provided in a lecture format, the instructor will review anatomy and physiology, physical assessment (including hemodynamics and utilization of invasive assessment tools) and pathophysiology in a systems approach. Topics that are discussed include: cardiac, pulmonary, neurological, renal, endocrine, hematological, gastrointestinal and psychological and legal aspects of care. This review is not an introduction to the environment of the progressive care area, but a comprehensive update for the professional already in practice at the progressive care bedside and preparing for the PCCN Certification Examination.

Time: 8am-4:30pm
